About Naked Horror

Naked Horror takes on a new meaning as a young woman finds her body and soul stripped bare when her dreams are invaded by a mysterious psychic force. Feeling isolated from everyone in her physical world, she turns to the Internet where she connects with other people from around the world who are experiencing the same thing. Together, they soon realize that the images they see at night are much more than dreams - they are windows into Hell itself. Faced with this evil supernatural threat, Priya vows to fight back somehow and escape from her naked horror.
